 Clémentine Lefevre

Fashion design student looking for an internship between 12 and 16 weeks from April 17 to July 7.

Sensitive to the world of fashion, creation, spirituality and the stakes that **artisans**hip represents, I am looking for an internship in which these skills are at the heart of the company's missions.

As a dancer since I was 5 years old, this discipline has allowed me to learn the **rigor, perseverance and commitment** necessary to improve my technique.
